**TERMS AND CONDITIONS** 1. If the contract is terminated within the 24 month term an Early Termination Fee (ETF) of 50% of the monthly recurring charge X number of months remaining. Minimum total cost over a 24 month period is calculated as 'monthly access multiplied by 24 months'. 2. If you downgrade your broadband plan, a \$40 administration fee applies. 3. Speeds are theoretical network maximum speeds. Speeds are based on Telstra network testing. About 70% of customers on the 8Mbps/384k plan can access speeds around 6Mbps or more. About 50% of customers on the 20Mbps/1Mbps plan can access speeds around 10Mbps or more. Actual speeds may vary due to a number of factors including your distance from the exchange, exchange type, line quality, cabling, network configuration, network congestion, customer premises interference, traffic, equipment and software. Customers may need to purchase a new modem and filters. Speeds will be slowed to 128kbps/128kbps after the usage limit is reached in a calendar month. Downloads only counted towards your included data allowance. Plans not available in all areas. 4. Your broadband connection will be slowed to 128/128kbps once you reach your monthly download allowance. 5. A \$99 set-up fee applies to a 24 month contract. If you add your M2 fixed line and/or mobile service on the same account, the \$99 set-up fee will be waived. 6. The loyalty bonus rates are applicable for customers with a fixed-line service with M2 on the same account. 7. All rates and charges are inclusive of 10% GST.
